

SOLUTIONS SECURING YOUR WORLD

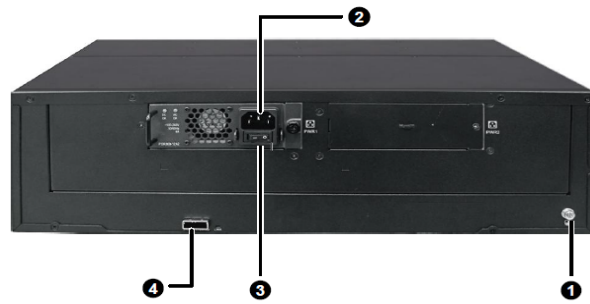

KEY FEATURES

- 8/16 SATA HDDs enclosures for miniSAS interface based NVR storage expansion
- NV-EN08/16 is an high performance, high reliability enclosures of 2U/3U height that holds up to 8-16 disks and 19" standard rack-mountable
- Power protection as disks are powered on sequentially during system startup, protection from impulse current
- Multi stage fan speed and energy saving are configured in the hot-swappable frame in redundancy mode. System power consumption is balanced efficiently with active heat dissipation & stable system operation
- Redundant power supplies
